

RINEHART
T A R G E T S

THE BEST ARCHERY TARGETS IN THE WORLD

Barbara, Garion, James, William and Atlas McGovern

We're proud to be a family owned and operated business. Since 1999, our mission has been to consistently deliver the highest quality, American-made archery targets to our customers. While 2020 brought unprecedented challenges for worldwide businesses, the economy, and the health of our communities, moving into 2021 our mission remains steadfast and our team continues to innovate and create the "Best Archery Targets in the World". In fact, we've recently expanded with new offerings beyond targets to include the Rinehart BowTree™ line of bow, crossbow and target stands, as well as in-house custom fabrication services with Raptor Fabrication. These newly expanded offerings plus the introduction of several new target designs means there's a lot to be excited about coming from Rinehart in 2021.

Your continued support makes it all possible, and we couldn't do it without you.

Thank You from the entire McGovern family.

Beauty is more than skin deep, especially in the world of high-end archery targets. It's not enough to look great on the outside — you've got to have what it takes on the inside to withstand a pounding and remain standing tall. From our exclusive solid Signature Series Foam to our unique internal locking insert system, we use only the finest components on all of our targets. That attention to detail shows, from the first arrow to the last.

MADE IN THE U.S.A.

We are dedicated to providing products to our customers that are made right here in Janesville, Wisconsin.

SOLID HIGH DENSITY RINEHART SIGNATURE SERIES FOAM

Target, heal thyself! Rinehart's exclusive solid, self-healing Signature Series Foam targets can take hit after hit after hit without tearing or other damage. Whether you're shooting fieldpoints, broadheads, or even expandable's, Rinehart lets you take your best shot every time without loss of target integrity or risk of pass-through.

Icon Legend / Size Key

- 45° 45° scoring rings
- Shipped by truck only
- Cut for parcel shipment
- Broadhead friendly
- Anatomical vitals
- Crossbow approved
- Official Target of NASP IBO 3-D Challenge

PATENTED LOCKING INSERTS

Rinehart targets and inserts feature an exclusive solid, self-healing Signature Series Foam, that absorbs countless shots from field points and all styles of broadheads— with minimal degradation to withstand thousands of hard-hitting shots. When the time comes to replace your insert the patented internal locking system by Rinehart makes the process a breeze. Simply remove the tubes, pop the old insert out, slide the new one in and replace the tubes.

RINEHART TARGETS SHINE IN ANY WEATHER

Oh deer! After years of exposure to the harshest weather conditions, including blazing sun and freezing temperatures, Rinehart's exclusive arrow-stopping, solid self-healing foam proves to be virtually weatherproof. With colored foam all the way through the target and rugged "Uni-Body" assembly, these 3D targets are ideal for year-round use in the backyard or in the field.

MADE IN USA

Woodland Mule Deer

18-1 GUARANTEED! FOR A FULL YEAR

This target shows you its best side every time and is the longest lasting archery target we've ever offered. We even guarantee the 18-1 for a full year! With 18 vivid target zones made from legendary solid Rinehart Signature Series Foam, the 18-1 can take arrow after arrow without losing its shape or integrity.

If you shoot out all 18 sides in one year, we will replace it – guaranteed hassle-free with proof of purchase!

FEATURES:

- Lightweight
- Easy - Carry Handle
- Broadhead Capable
- Crossbow Approved
- Solid Signature Series Foam

PYRAMID TARGET

If you're looking for the best, lightweight and portable archery target on the market, the Pyramid Target is the answer. Whether you're wanting to shoot your bow in the backyard or you're in need of a convenient camp target to make sure your setup shoots true before the hunt, the Pyramid will suit your needs perfectly.

FEATURES:

- Extreme Lightweight Portability
- Solid Signature Series Foam
- Easy-Carry Handle
- MOA (Minute of Angle) Sight-In Grid

18-1
18110 | Height 15" | Width 15" | Depth 15"

The Only Target Guaranteed for a Full Year!
With proof of purchase

Pyramid Target
19510 | Height 14" | Length 18"

RFT
18210 | Diameter 9"

RFT

The RFT is great for use as a crossbow unloader in the stand or a throw target for judging yardage.

FEATURES:

- Extreme Portability
- Solid Signature Series Foam
- Easy - Carry Handle
- Weighted - Always Lands Upright

RHINOBRUTE

The Signature Series RhinoBrute target measures 16" x 16" x 16" and can handle anything you can sling its way. Made of Rinehart's Signature, solid self-healing foam, this target will prove to be your longest-lasting archery target. All six sides have Rinehart's recognizable high-visibility shooting zones that can take the fastest arrows with field tips or broadheads. An easy-to-carry handle makes it simple for you to move the target around. If you're a serious shooter, you need the RhinoBrute.

RHINOBRUTE FEATURES:

- Six, High Visibility Shooting Sides
- Signature Self-Healing Foam Construction
- Convenient Carry Handle
- Handles Field Tips and Broadheads
- Extremely Long Lasting

RhinoBRUTE
18511 | Height 16" | Width 16" | Depth 16"

X-Bow 2 Go
18911 | Height 14" | Width 14" | Depth 14"

RHINOBLOCK

Rinehart's award-winning RhinoBlock target sports six sides to choose from – each engineered to meet individual practice needs. Two sides display a 3D deer target zone – one showing the outlined vital areas of a deer, and the other detailing an anatomically correct display of a deer's organs. The remaining four faces of the target are comprised of Rinehart's signature, highly visible target zones – allowing shooters to continue target practice even in low light conditions.

RHINOBLOCK XL

The "big brother" of Rinehart's classic RhinoBlock target – the RhinoBlock XL rocks an impressive 18" x 18" target zone while still incorporating Rinehart's renowned Signature Series replaceable insert.

RHINOBLOCK & XL FEATURES:

- Patented Replaceable Insert
- 3D Sculpted Deer Vitals
- 40 Target Zones
- Solid Rinehart Signature Series Foam with Easy Arrow Pull
- Easy - Carry Handle
- 6 Shootable Sides - 2 with Insert

RhinoBlock

18311 | Height 16" | Width 16" | Depth 13"

RhinoBlock XL

18611 | Height 18" | Width 18" | Depth 13"

X-BOW 2 GO

Designed for today's high speed crossbows, it is made entirely of Rinehart's solid signature foam. This crossbow target is the perfect combination of durability and versatility. Large enough to sight in your crossbow or take with you to hunting camp.

FEATURES

- Easy - Carry Handle
- Rated for crossbow speeds of over 500 fps

Sculpted Vitals

Badger Bag
57411 | Height 21" | Width 21" | Depth 12"

BADGER BAG

The Badger Bag utilizes many of the features of Rinehart's popular Rhino Bag but at a more economical price.

Starting with a dual sided polypropylene cover that has both artistic vitals and a variety of shooting dot sizes and colors to accommodate popular fiberoptic pins.

Next the inner workings of the bag has a waterproof barrier and a burlap stopping core to extend the life of your target season after season.

Finally the easy carry handle makes transport a breeze and grommets for hanging to elevate your game even further.

TARGET BAG SCIENCE

Eliminates Bag Dry Rot

RINEHART RHINO BAG

The Rhino Bag is superior in construction as compared to polypropylene bags that quickly deteriorate from the sun's UV rays. Those bags start out stopping arrows but over time the sun causes the cover to become brittle. Since polyester is UV stable and provides superior print quality the Rhino Bag stays strong and shootable without the cover becoming brittle from the sun.

1. **Polyester Protection**
Most UV Stable Protection
2. **Polypropylene Wrap**
Long Term Arrow Durability
3. **Plastic Cover**
Waterproof Barrier
4. **Cut Foam Blend**
Easy Arrow Removal
5. **Burlap Center**
Arrow Stopping Core

57111 | Height 18" | Width 18" | Depth 10"

22" Crossbow Bag
57311 | Height 22" | Width 22" | Depth 10"

CROSSBOW BAG

The Crossbow Bag features an exclusive Dual Layered Power Band Technology to last season after season and stop crossbow bolts traveling up to 450 feet per second. The crossbow-specific MOA Sight-In Grid Target Face makes crossbow sight-in simple and incredibly fast.

FEATURES:

- MOA (Minute of Angle) Sight-In Grid Target Face
- 12 Target Dots
- Rinehart Dual Band Technology
- 2 Target Sides
- Easy - Carry Handle
- Designed Specifically For Crossbows
- Rated For Crossbows Up To 450 FPS

FITA WAVE TARGET

Rinehart's FITA Wave Target system was designed to change the game when it comes to competition range targets. Built using Rinehart's high density Signature Series Foam, this target is designed for the repetitive everyday shooting that a top tier archery range generates. Comprised of four quadrants and five patented Rinehart inserts, no other target can provide the flexibility and durability the Rinehart FITA Wave Target can provide. The Rinehart FITA Wave Target provides, for the first time, the ability to replace not only the bullseye on a 122cm target, but also the ability to replace the bullseye on all four 40cm targets. This five insert system combined with our high density Signature Series Foam ensures that the Rinehart FITA Wave Target system will provide a comprehensive target solution for years to come.

93511 Stand - FITA Wave Stand

BRICK WALL SYSTEM

Rinehart has unleashed the most versatile custom back wall mount system in the industry! Sold by the piece, or as a unit, dealers can customize their order to fit their specific needs and purchase as many or as few bricks as needed. Need a wall built from the ground up? You can have it in no time with the Rinehart Brick Walls's easy to install system.

These bricks can take countless hits without any signs of tearing or damage. Simply flip the brick or change up the order of the stack to further extend the life of the wall. It's that simple! Each brick measures: 4" tall x 15" deep, and is available in widths of 30" and 48". Rinehart Safety Topper and all hardware is included with purchase.

BRIAN JOHNSON'S
MASTERPIECE SERIES

"Rinehart Targets is well known for their durability and quality. They are also known for the Brian Johnson Masterpiece Series which creates shooting scenarios archers can only dream of. From the famous Sasquatch target to the newest Kicking Deer/Snapping Wolf combo, the Masterpiece Series shows true artwork in motion.

Created in Rinehart's Signature Self healing foam each target is not only realistic with the highest quality paint, but also completely usable and perfect for 3D competitions at all levels. Johnson's attention to detail brings creatures both real and imaginary to your range in stunning, life like poses and actions. Each target is truly worth the title - **MASTERPIECE**.

COMPETITION SERIES

Rinehart's Competition Series Targets are as fine a representation as the archers competing with them. These targets use the finest, self-healing foam that not only allows for precise scoring, but also easy arrow removal to make the event as enjoyable as possible. The Competition Series is the choice of IBO, NASP and countless archery clubs everywhere. You'll also find many of them at our traveling R100 3D Tournaments. Each target represents true, life-like poses and shooting scenarios and is the pinnacle of archery targets available today.
